

GOUPIL G4-05

PICK-UP PVC COVER

100% ELECTRIC

ZERO EMISSIONS

ROAD HOMOLOGATED

BRADSHAW
ELECTRIC • VEHICLES

OVERVIEW

The Goupil G4 is an all electric, zero emission light commercial utility vehicle. Road homologated to N1, the G4 is an ideal solution for a multitude of road applications both, public and private. The G4 has an impressive payload of up to 1200kg on the lithium ion version.

ENVIRONMENTALLY FRIENDLY

100% Electric, Zero Emissions compliant for Low and Ultra Low Emission Zone within towns and cities. Silent operation enables night-time and early morning use.

ROAD LEGAL

The Goupil G4's are homologated to N1 and can be road registered (zero-rated) for use on public highways.

PERFORMANCE

The Curtis 48 volt controller gives the G4 a top speed of up to 31mph and handles gradients up to 18% laden and 30% unladen.

FLEXIBLE

Over 12 standard body options and with the ability to specify left hand or right hand drive, lead acid or lithium ion batteries, gives great versatility when configuring a G4 to match specific applications. In addition to the vehicles robust and versatile structure means the chassis can support customised equipment, ie refrigerated body, demountable street cleansing and gritting equipment.

ROBUST

The robust chassis is constructed from S345 steel, cataphoresis coated, robot welded and powder coated.

WARRANTY

Truck:	2 years parts and labour warranty
Battery	
Lead Acid:	3 years parts and labour warranty
Lithium Ion:	5 years parts and labour warranty

Lead Acid / Lithium
100% Electric
Zero-Emissions

N1 Type Approval

Range 50-101 miles

Left hand /
Right hand drive

Payload up to 1200kg

GOUPIL

FEATURES

355 Steel Chassis

- Cataphoresis coated, robot welded, powder coating including gap sealing

Pick-Up PVC Cover

- PVC cover to all four sides, roll up sides and rear panel
- Clear sections to front and rear panels to allow through vision
- Aluminium pick-up dropdown and detachable sides and rear tailgate with wooden deck

Central Locking

Tow Hitch

- Tow hitch and trailer socket

Suspension

- Front-wheels: McPherson with helical springs and hydraulic shock absorber
- Rear-wheels: leaf-spring with hydraulic shock absorber

Battery

- 100% Electric
- Zero Emission
- Lead Acid or Lithium

Braking

- Electronic regenerative braking
- Dual circuit hydraulic brake system with a braking compensator controlled by the load
- Front: disk brakes
- Rear: drum brakes

Full Road Lighting

- In accordance with N1
- Headlights
- Side lights
- Rear and brake light
- Indicators
- Hazard warning lights
- Reverse light
- Rear fog light
- LED running lights

High-definition LCD colour display

- High-definition LCD colour display including
- Battery discharge indicator
- Digital speedometer
- Odometer
- Low level warning lights
- Dash mounted lamp to indicate when park brake is applied

DIMENSIONS AND PERFORMANCE

BATTERY					
Battery Type		Lead Acid		Lithium-Ion	
Battery Size	(kWh)	11.5	15.4	9.0	14.0
Homologation		N1	N1	N1	N1

WEIGHTS					
GVM Gross Vehicle Weight	(kg)	2100	2100	2100	2100
Kerb weight	(kg)	1144	1218	873	917
Payload capacity	(kg)	956	882	1227	1183
Gross payload capacity (includes 75kg allowance for operator)	(kg)	881	807	1152	1108
Volume	(m³)	2.9	2.9	2.9	2.9
Maximum weight of the combination (GCW)	(kg)	3500	3500	3500	3500
Tow load capacity - Braked (For road use) ¹	(kg)	1400	1400	1400	1400
Tow load capacity - unbraked (For road use) ¹	(kg)	602	639	466	488

BATTERIES AND CHARGER					
Battery voltage / nominal capacity	(v) / (a)	48 / 240	48 / 320	48 / 190	48 / 290
Recharge time	(hours)	8h 30	9h 45	4h 15	6h 30
Charger	(v) / (a)	48 / 30		48 / 60	
Supply		240v single phase		240v single phase	
Current draw	(a)	12		12	
Auxiliary battery	(v) / (a)	12 / 45		12 / 45	

PERFORMANCE					
Maximum torque	(Nm)	57		57	
Nominal power	(kW)	10		10	
Range (according to WLTP cycle) ²	(miles)	51	57	62	101
Two factory speed settings: High speed / Low speed	(mph)	31 / 6.5		31 / 6.5	
Maximum gradient - unladen / laden	(%)	30 / 15		30 / 15	
Maximum gradient - with trailer	(%)	12		12	
Approach angle	(°)	20		20	
External turning radius wall to wall	(mm)	4383		4383	
External turning radius kerb to kerb	(mm)	3900		3900	

¹ Tow hitch available as an optional extra

DIMENSIONS (MM)																				
A	B	C	D ¹	E	F	G	H	I	J	K	L	M	N	P ¹	Q	R	T	U	V	X
3675	1574	1305	1200	1893	423	897	288	175	2022	1045	1045	1089	468	788	2147	1222	282	563	1106	1298

¹ The addition of optional hydraulic tipping complete with aluminium floor increases platform height by 110mm

STANDARD EQUIPMENT & OPTIONS

	MODEL	G4-05
CONFIGURATION	100% electric light commercial road vehicle	•
	Road homologated	N1
	Power unit: 48 volt AC controller	•
	Rear drive axle with limited slip differential	•
BATTERIES & ACCESSORIES	11.5 kWh 48v 240Ah lead acid battery	○
	15.4 kWh 48v 320Ah lead acid battery	○
	9.0 kWh 48v 190Ah lithium ion battery	○
	14.0 kWh 48v 300Ah lithium ion battery	○
	Auxiliary 45Ah battery to run 12 volt system. Battery charged during operation via DC/DC converter	•
	Auxiliary battery upgrade includes <ul style="list-style-type: none"> • 12 volt connecting plug / socket to power additional auxiliary equipment • 60Ah battery in place of standard Ah auxiliary battery • Additional 48v - 12v 300W DC/DC converter to charge upgraded battery during operation 	○
BRAKING SYSTEMS	Dual circuit hydraulic brake system	•
	Front: disk brakes	•
	Rear: drum brakes	•
	Electronic regenerative braking under deceleration with proportioning electric braking system	•
	Hand operated park brake with torque limiting sensor	•
SUSPENSION & STEERING	Front-wheels: McPherson with helical springs and hydraulic shock absorber	•
	Rear-wheels: McPherson with helical springs and hydraulic shock absorber	•
	Rack and pinion steering	•
	Power assisted steering	•
	Right hand drive	•
	Left hand drive	○
LIGHTING & ACCESSORIES	Full road lighting in accordance with N1 homologation <ul style="list-style-type: none"> • Headlights, side, rear & brake lights, indicators, hazard warning lights, reverse light, rear fog light, LED daytime running lights 	•
	Amber flashing beacon mounted on cab	•
	LED random flashing amber warning lights	○
	Rear mounted 12 volt working light	○
CONTROLS & AUDIBLE WARNINGS	High / low speed switch, 2 factory set speed settings between 6.5 and 31mph	•
	Safety seat cut out. Vehicle will not operate unless driver is seated	•
	Emergency isolator	•
	Horn	•
	Automatic audible warning in reverse	•
	Forward audible warning via dash mounted switch (bell)	○
	Automatic audible warning in forward (white noise)	○
	Progressive audible warning system in forward AVAS Acoustic Vehicle Alerting System compliant to UNECE R138	•
EQUIPMENT & FEATURES	High-definition LCD colour display	•
	Battery discharge indicator	•
	Digital speedometer	•
	Odometer	•
	Low level warning lights	•
	Dash mounted lamp to indicate when park brake is applied	•
	12 volt auxiliary socket	•
	Ignition key and steering lock	•
	2 stage deep discharge protection <ul style="list-style-type: none"> • Traction battery low level indicator • Automatic low speed cutback to prevent over discharge 	•

MODEL		G4-05
TYRES	Tubeless radial 155R13C 90N	•
	Anti puncture treatment	○
	Spare wheel (155R13C 90C) c/w jack & brace	○
	Winter tyres 155/80R13 79Q	○
	Michelin tyre pressure management system	○
TOW HITCH	50mm ball with 7 pin socket	•
	Combined 25mm pin single jaw tow hitch & 50mm ball with 7 pin socket	○
CAB	Polypropylene bumpers	•
	Rear cab window	•
	Central locking	•
	Sliding door windows	•
	ABS glass front and rear screens	•
	Electric front wiper and screen wash	•
	Electric heated front windscreen	•
	Electric heater (700 watt)	•
	Diesel heater	○
	Electric heated drivers seat	○
	Interior and exterior mirrors	•
	Interior light	•
	Glove compartment	•
	MP3 radio with Bluetooth connectivity	•
	USB socket	○
	Rear mounted camera with display screen	○
	Cab storage set to include bottle holder and central storage tray	○
SEATING	Adjustable driver and passenger seats	•
	Padded adjustable headrests	•
	Three-point inertia seat belts	•
BODY	Pick-Up with PVC Cover	•
	PVC cover to all four sides, roll up sides and rear panel. Clear sections to front and rear panels to allow through vision	•
	Aluminium dropsides and rear tailgate	•
	Resin coated anti-slip plywood deck	•
	Hydraulic tipping body, complete with aluminium deck in place of standard anti-slip plywood deck (Reduces payload capacity by 49kg)	○
MISC	1kg dry powder fire extinguisher	○
	Road registered for category N1	○
COLOUR	Chassis: Black, S345 steel, cataphoresis coated, robot welded, powder coating and gap sealing	•
	Cab roof and bonnet: White	•
	Custom colour. Chassis black. Cab roof and bonnet to customer's single colour specification. RAL number to be supplied at time of order	○
	Custom colour. Chassis black. Vinyl wrap cab roof and bonnet to customer's specification	○
	Highway maintenance chevron board	○
	Class 2 hi-visibility reflective band kit	○
