

GOUPIL G4-09

Combined Pick-Up with Electric Leaf Collector

100% Electric

Zero Emissions

Road Homologated

OVERVIEW

The Goupil G4 is an all electric, zero emission light commercial utility vehicle. Road homologated to N1, the G4 is an ideal solution for a multitude of road applications both, public and private. The G4 has an impressive payload of up to 1200kg on the lithium lon version.

ENVIRONMENTALLY FRIENDLY

100% Electric, Zero Emissions compliant for Low and Ultra Low Emission Zone within towns and cities. Silent operation enables night-time and early morning use.

ROAD LEGAL

The Goupil G4's are homologated to N1 and can be road registered (zero-rated) for use on public highways.

PERFORMANCE

The Curtis 48 volt controller gives the G4 a top speed of up to 31mph and handles gradients up to 18% laden and 30% unladen.

FLEXIBLE

Over 12 standard body options and with the ability to specify left hand or right hand drive, lead acid or lithium ion batteries, gives great versatility when configuring a G4 to match specific applications. In addition to the vehicles robust and versatile structure means the chassis can support

customised equipment, ie refrigerated body, demountable street cleansing and gritting equipment.

ROBUST

The robust chassis is constructed from S345 steel, cataphoresis coated, robot welded and powder coated.

WARRANTY

Truck: 2 years parts and labour warranty

Battery

Lead Acid: 3 years parts and labour warranty
Lithium Ion: 5 years parts and labour warranty

Lead Acid / Lithium 100% Electric Zero-Emissions

N1 Type Approval

Range 47-106 miles

Left hand / Right hand drive

Payload up to 1200kg

G4-11 HIGH TIP WASTE BODY

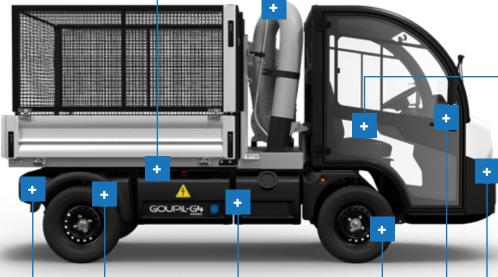

Combined Chassis Pick-Up with Electric Leaf Collector

- 100% electric
- 48 volt. 2200rpm 2 KW motor
- 5m extra flexible and anti-abrasive hose 180mm or
- Sound level (3m): 78dB
- Capture petting fitted to rear cage body
- Operator harness

355 Steel Chassis

 Cataphoresis coated, robot welded, powder coating including gap sealing

Central Locking

Tow Hitch (Optional)

Tow hitch and trailer socket

Battery

- 100% Electric
- · Zero Emission
- · Lead Acid or Lithium

Braking

- Electronic regenerative braking
- Dual circuit hydraulic brake system with a braking compensator controlled by the load
- Front: disk brakes
- · Rear: drum brakes

Full Road Lighting

- · In accordance with N1
- Headlights
- · Side lights
- Rear and brake light
- Indicators
- Hazard warning lights
- Reverse light
- · Rear fog light
- · LED running lights

Suspension

- Front-wheels: McPherson with helical springs and hydraulic shock absorber
- Rear-wheels: leaf-spring with hydraulic shock absorber

High-definition LCD colour display

- High-definition LCD colour display including
- Battery discharge indicator
- · Digital speedometer
- Odometer
- Low level warning lights
- Dash mounted lamp to indicate when park brake is applied
